The real thing that's going to kill it for me is neither of those things really matter at all for something that's going to be this kind of performance. However it could potentially drop in later releases due to it possibly being a beta thing, or there being more optimisations for the title. This is basically the PS3 version of Fifa 13 and 14 which had a much lower hardware requirement. Game looks similar but graphics are probably a lot better than Fifa 14. Mmhhh okay! I'll just have to wait for it then! I don't have Xbox here at the moment, so it's actually a little difficult for me to find out any information about this. Either way it's gonna be interesting! Need a low resolution? Try this PS4/Xbox One version of FIFA 15 at 4K resolution. edit: found it, it's actually half of FIFA 15 (sauce) edit: also found this, another

Fifa 14 PS4 pack with some very low resolution ps2/xbox 720/360 versions of teams. edit: how low can you go! found this for America's team as well, with a ratio of 9.7:1 for the PS2 version. AS for me, I was thinking of getting the PS4 Pro last week. But upon reading the threads in this sub, and seeing the ridiculously low hardware requirement, I'm almost certain that I won't be playing the game on it. And then I will end up making the thing display nothing but a black screen. ? Last edited by GodFigaMaster; 06-11-2017 at 03:32 PM. Reason: Added a PS2 version, this is not why I bought the PS4 Pro. ### **What's new in Fifa 22:**

- **Work for your club: All about ready for the leap to life in your football club. Show your club some love by dressing your team, training for free, building a new stadium and managing your star players like never before - all the way to the top of the Premier League.**
- **Live your path: Choose from eight career paths to play the game through your career, including striker,**

---

defender, midfield general, free agent, scout, coach, goalkeeper and academy. Each of these paths will paint an entirely unique story of success.

- **Every touch matters:** Every movement of a player counts, whether you are sprinting to a 90-yard missive, tackling a player or dribbling through the lines. FIFA 22 uses state-of-the-art motion capture technology, containing in-game physics, to make sure every reaction affects the game like never before.
- **Marked-man freedom:** Show off your athletic ability and flair no matter where you are on the pitch. More dribbles, more takes on opponents, and more duels added.
- **Meaningful lessons:** Each match and training session in FIFA 22 comes with meaningful, step-by-step tutorials that cover what you need to know. Pause, play, stop, pass, shoot. Literally everything is covered, giving you the tools and confidence to play.
- **New features and improvements:** Built on the same game engine, packed with new visuals and details, and equipped with new gameplay features, FIFA 22 takes the science and speed of sports to new heights.
- **Transfer and scouting:** Connect players in your Ultimate Team to discover new strategies. And you can enter the transfer market with more opportunities, including the unlimited transfer budget and new “Keeper Search” - as soon as the player line-ups for your goalkeeper you will be guided by a search field to find the perfect player.
- **New goal celebrations:** The best goal celebrations are highlighted in FIFA's specific celebrations tab, with improved replays and visuals to help you understand the technique behind these awesome

---

moves.

- **New and enhanced match engine: Speed for strategies and counters is increased, but AI tactics still matter.**
